

CURRICULUM VITAE

1- PERSONAL DETAILS

Name: Hassan Abdel-Ghaffar Ahmed Ahmed Khalil
Nationality: Egyptian
Date of birth: 01 / 01 / 1971
Marital status: Married (3 children)
Address: Animal Production Department, Faculty of Agriculture, Suez Canal University, Ismailia, Egypt.
E-mails: hkhalil011971@gmail.com
Mobile +20-1125578885

2- ACADEMIC QUALIFICATIONS

Bachelor of science: Animal Production Department, Faculty of Agriculture, Suez Canal University, Ismailia, Egypt (May, 1992).
(Animal and Poultry Production)

MSc in Poultry Production Animal Production Department, Faculty of Agriculture, Suez Canal University, Ismailia, Egypt (January, 1998).
Title:
Seasonal Variation in Production and fertility of Japanese quail.

PhD in Poultry Production Channel system program between Georg-August-University, Goettingen, Germany and Suez Canal University, Ismailia, Egypt during 2001-2003, (April, 2004).
Title:
Productive and Reproductive Aspects of Japanese quail Under Heat Stress Conditions.

3- TEACHING EXPERIENCES

Demonstrator:	In Animal Production Department, Faculty of Agriculture, Suez Canal University, Ismailia, Egypt (from 1993 to 1998).
Assistant Lecturer:	In Animal Production Department, Faculty of Agriculture, Suez Canal University, Ismailia, Egypt (from 1998 to 2004)
Assistant Professor:	Animal Production Department, Faculty of Agriculture, Suez Canal University, Ismailia, Egypt, Egypt (from 2004 to 2010)
Associate Professor:	Animal Production Department, Faculty of Agriculture, Suez Canal University, Ismailia, Egypt, Egypt.
Professor: (Poultry Physiology)	Animal Production Department, Faculty of Agriculture, Suez Canal University, Ismailia, Egypt, Egypt (from 2016 until now) Head of the Animal Production Department (from 10/2023 until now)

4- RECENT TEACHING INTERESTS

For Under-Graduate Students:

1. Principles of Animal Physiology.
2. Principles of Animal and Poultry Production.
3. Poultry Production.
4. Incubation and Brooding.
5. Endocrinology.
6. Animal Behaviour.

For Post-Graduate Students:

1. Advanced Production of Meat Chickens.
 2. Advanced Production of Table Eggs.
 3. Advanced Avian Physiology
 4. Advanced Endocrinology.
 5. Advanced Physiology of Hormones.
 6. Physiology of Adaptation.
-

7. Embryology.
8. Advanced Incubation and Brooding.
9. Rabbit Production.
10. Advanced Animal behaviour.

5- Membership of Professional Societies:

- 1- Egyptian Poultry Science Association.
- 2- Egyptian Rabbit Science Association.
- 3- Egyptian Society of Animal Production.
- 3- Agricultural Research Journal Association (Faculty of Agriculture, Suez Canal University, Ismailia, Egypt).

6- RESEARCH INTERESTS

- 1. Poultry Production.**
 - 2. Avian Physiology.**
 - 3. Avian Behaviour.**
 - 4. Avian Endocrinology.**
 - 5. Poultry Adaptation.**
 - 6. Avian Embryology.**
-

7- FINISHED HONOR RESEARCH SUPERVISIONS

A: MSc

1. One finished MSc, "**Studies on Seasonal Effects on Reproductive Performance of Male Rabbits**". (Animal Production Department, Faculty of Agriculture, Suez Canal University).
2. One finished MSc, "**Improving Productive and Reproductive Performance of Japanese Quail (*Coturnix japonica*)**" (Animal Production Department, Faculty of Agriculture, Suez Canal University).
3. One finished MSc, "**Ultrasonography Study on Rabbit Pregnancy**" (Animal Production Department, Faculty of Agriculture, Suez Canal University).
4. **One finished MSc, "Evaluation of Reproductive Performance of Baladi Breed Compared to White New Zealand Rabbits under Intensive Production"** (Animal Production Department, Faculty of Agriculture, Suez Canal University).
5. One finished MSc, "**Effect of Altering Behavior on Productive and Physiological Traits in Japanese Quail**" (Animal Production Department, Faculty of Agriculture, Suez Canal University).
6. **One finished MSc, " Physiological studies on some semen characteristics and fertility of rabbit bucks "** (Animal Production Department, Faculty of Agriculture, Suez Canal University).
7. One finished MSc, " **Studies on estrus induction methods in female rabbit does. "** (Animal Production Department, Faculty of Agriculture, Suez Canal University).
8. One finished MSc, "**Studies on some assisted reproductive technologies in rabbits.**" (Animal Production Department, Faculty of Agriculture, Suez Canal University).

B: PhD

9. **One finished PhD, " Effect of in ovo Administration of Environmental Chemicals in Breeder Eggs on Reproductive and Physiological Traits of Japanese Quail "** (Animal Production Department, Faculty of Agriculture, Suez Canal University).
 10. **One finished PhD, "Effect Of Using L-Tyrosine On Some Physiological And Productive Characteristics In Female White New Zealand Rabbits"** (Animal Production Department, Faculty of Agriculture, Suez Canal University).
 11. **One finished PhD,"Effect of Feeding Moringa Oleifera on Quail Performance Under North Sinai Conditions.** Dept. Anim. and Poult. Prod., Fac. Environ. Agric. Sci., Arish Univ., Egypt.
-

12. One finished PhD, "**Physiological Studies on Semen Characteristics and Fertility of Japanese Quail**" (Animal Production Department, Faculty of Agriculture, Suez Canal University).

13. One finished PhD, "**Effect of using chitosan on productive and physiological performance under different environmental conditions of developed laying hens**" (Animal Production Department, Faculty of Agriculture, Suez Canal University).

14. One finished PhD, "**Effect of using dietary chitosan on production performance and physiological in rabbits**" (Animal Production Department, Faculty of Agriculture, Suez Canal University).

15. One finished PhD, "**Application of modern techniques to improve conception rates and alter sex ratio in artificially inseminated rabbits**" (Animal Production Department, Faculty of Agriculture, Suez Canal University).

8- CURRENT ONGOING HONOR RESEARCH SUPERVISIONS

- * One currently ongoing MSc, "**Effect of Using Different Levels of Methionine and Supplying Time of Pre-Starter on Productive and Physiological Performance of Broiler Chicks**" (Animal Production Department, Faculty of Agriculture, Suez Canal University).

 - * One currently ongoing PhD, "**Study of the nutritional means to ameliorate the oxidative stress of the environmental factors on productive and reproductive performance of growing rabbits**" (Animal Production Department, Faculty of Agriculture, Suez Canal University).
-

9- LIST OF PUBLICATIONS

- * M. Youssef, **Hassan A. Khalil**, Ayman A. Swelum, Maged A. Al Garadi, muralikrishnan Balasubramanian, Magdy S. Hassan, Haiam S. Abd El Halim, Mohamed E. El-Hack, Khaled M. Youssef and Maher A. Abo-Samra (2023).
